UGANDA NATIONAL METEOROLOGICAL AUTHORITY

KUMAM

NENO ME POTO ME KOT CAKO IDWE ME ADEK PAKA IDWE ME KANY 2016 ICUNY KIDE ME UGANDA.

DISTRIKSTS ME CUNY KIDE (*Pallisa, Budaka, Kibuku, Mbale, Sironko, Manafwa, Bududa, Kapchorwa, Kumi, Kaberamaido, Soroti, Serere, Amolatar, Butaleja, Bulambuli, Kween, Bukwo, Bukedea kede Ngora*)

Adul ni ename owudo tye kede ooro kede kot anonok idwe me aree. kot isipokina ename otye geno bino mere idyere me dwe me adek. kot ename ogeno be oyaro bino di sipokin idyere me dwe me ongwon. Doo kot oyaro mede cwei itek tetu ajikini me dwe me ongwon noni. Kot acwei motot ename otye geno paka idyere me dwe me kanyape . dedede ikom kot apoore ename otye geno iya adul ni.

TAM KAME OMIYO BUT IKODETA ME TIC APAPAT

1. EKODET ME PUR KEDE GWOKO CAM.

- jopur atye kame kot ocako cwei iye myero cak mono jame amitere kede cako pito cam.
- Myero igaunu pii me konyo tic me paco, mede gaano pii ilobo pi konyo tic me poti, gaunu pii ikame etwero gare iye kede ipipan lung pi leini kede pi kiiri icam me opito.
- Pirunu cam atero kare me cato bala kaal, mucere, bel, mudunga, mwongo kede kata. Kame kot cako cwei kede, dido ikoonu pito cam asunyo cato bala muranga, enyanja kede cam alulum di kot tot.
- pitunu lum kede yen, gwokunu kede yiko iber ame opito sek.
- Joo myero gwokere tutwal kame gitimo tice ikame obedo aserenget pi gengo mol me lobo kede pong me pii me alele ikabedo atye idoge.

apire tek lono, omiyo tam but jopur me tic kede kare me kot apoto pi puro cam abeco di gi lubo tic kede lobo atye iye pone apoore .

kame epiei tye nen be:

- Jodong iye ajange dedede poore mede cuko cuny Sukulun kede lwak abedo inget sukulun keto lilime agengo epiei iwude dedede makato kanisan, dwaliron kede mwere.
- Jo pwonye poore nen be idwe likame tuko atatai arabo cungo idud yen di kot tye cwei kede akako.
- Kur imak giatye lilim di kot tye cwei kede akako pyen lilim twero mino epiei jwato wude.

2. EKODET ME JAME AKELO DONGO, TICE KEDE OOT.

Gen me kot apoore ename cal bala oyaro bino kede tice me kot atot di oyaro kelo allele iya adulion mogo.

Giame poore atima:

- Jo atye kede twer ara loc poore kwanyo tenge yugi idaracan pi gengo mool me pii iyote.
- joloc me Local Council myero cuk cuny lwak pi timo tice akelo bedo aber but gi.

3. YOT KOM

- Iyonjo inget mwere kede sukulun pore ameda itek tutwal.
- myero gimede mino ngec me gengo tuwo kede ripot me nyang ikom peko me bino me tuwo mogo bala Malaria, Cholera, Bilharzia Typhoid kede tuwo amakere kede wei bala, Asthma but joloc kame kope gi mako.

Iya ajikini: kot ame egeno ename mito kare aromo pi ngec awudere. Man ename myero otii kede pi ayikayika ikom tice akelo dongo lobo pi medo dongo kede epone me kuwo iyakina lwak duc.

Uganda National Meteorological Authority ename oyaro mede kede ngico bino me bukere me yamere apirgi tek di iko mino ngec kede pwony but jo atio kede nakanaka.
